Hi we will have stuff, I would say CWD would be the lead on most of it but we shared some emails back and forth on it after the NOI.

Nicole will consult with Christine on how best to transmit that.

Thanks Doug

Hello and good morning,

Hope you're all doing great! The attached FIA request (EPA FOIA #8876 Newark LCR final.pdf) has been submitted by NRDC. It remains in the evaluation phase b/c I need your help with processing it. When you have a moment, can you review it and notify me whether or not your office will have stuff covered by the request? There are several follow up questions that I have depending on your answer.

I appreciate your time and help, always!

Hello and good afternoon,

Giving you a heads up on the attached FOIA request from the NRDC re LCR compliance by Newark/Dept. of Water and Sewer Utilities. I have to revisit the request with program staff. It has an email component that has to be evaluated as well as fees, expedited request, etc. therefore, I've not started the clock on this request.

Gracias!
